

# ASME PRESSURE VESSELS | TANKS | FAB

Excellence in Stainless Steel Craftsmanship

Founded in 1992, MP&C has built our reputation on integrity and quality that is backed by a name and personal guarantee.

With decades of stainless steel fabrication experience and a team of skilled and dedicated craftsman, MP&C is ready to be your trusted fabrication partner. Our fabrication offerings include stainless steel and high alloy ASME pressure vessels, atmospheric tanks, piping, frames and platforms. From Concept to Design all the way through Fabrication and Install, we are here to provide you with the best possible solution.

**MP&C** has a modern manufacturing facility dedicated to the fabrication of stainless steel weldments in 304/L and 316/L as well as high alloy materials. Our shop is well equipped with all the tools of the trade including TIG, MIG and orbital welding machines, plate rolls, brake presses, overhead cranes, polishing tools and bead blasting equipment.

One look at an MP&C fabrication will tell you all you need to know about the pride that MP&C's Fabricators put into their work.

## FULL SERVICE OFFERING

- ASME Pressure Vessels
- Atmospheric Tanks
- Portable Tanks & Vessels
- Piping Systems & Sanitary Tubing
- Skid / Frame Weldments
- Ladders / Platforms
- Turn-Key Process Skids

**flexible solutions for  
your business needs**

# MP&C Fabrication Capabilities

- Tanks and Pressure Vessels up to 144" diameter
- Up to 60,000 gallon capacity & 50,000 lbs.
- Stainless and High Alloy materials from 16ga to 1/2"+ thickness
- Heat Transfer / Jacketed Tanks and Vessels
- Agitation w/ Control System
- Insulation / Cladding
- Full-time Field Install / Support Team
- ASME VIII-1 "U" Pressure Vessels
- 3-A Certified
- UL Panel Shop
- Process Engineering & Controls

# MP &C

## Markets Served

- Water
- Dairy / Food / Beverage
- Bio-Tech
- Chemical
- Construction / Mining
- Oil & Gas
- Renewable Energy
- Manufacturing / Industrial
- Air Compression

*"Over the years I have grown to trust and rely on the staff at MP&C. They do a great job for us."*
